## SPECIAL CHARACTERS

A variety of special characters are also available and can be selected during the online ordering process.

## INTERNATIONAL OPTIONS

We support a wide range of international characters, allowing you to include your special message in any language when uploaded as an authentic signature.

# AUTHENTIC SIGNATURE

You can use the handwriting or signature from a treasured card or letter and have it engraved on any item marked with the legend icon. Just like a fingerprint, handwriting is a unique and deeply personal characteristic - each one with its own style, history, and sentiment.

# HALLMARKS

## Look for the Hallmark, It's Your Guarantee

### What a Hallmark Looks Like

In the UK it is illegal to supply or offer to supply any item as Gold, Silver, Platinum or Palladium unless it is hallmarked.\*

*\*exemption weights apply: 7.78gm - silver, 1gm gold and palladium, 0.5gm - platinum*

### Who?

The registered mark of the company or individual who placed the items on the market.

### What?

The precious metal content in parts per thousand inside a specific shape for each metal.

### Where?

Each of the four UK Assay Offices has a separate mark.

### International

International hallmarks must contain the scales of the Common Control Mark.

A hallmark is a set of component marks applied to articles of the precious metals gold, silver, platinum or palladium. The hallmark means that the article has been independently tested, and guarantees that it conforms to all legal standards of purity (fineness). Guarantees provenance by telling us where the piece was hallmarked, what the article is made from, and who sent the article for hallmarking. The standard hallmark formation is horizontal with minimal spacing between the marks.
